EDUCATION

Madhuben and Bhanubhai Patel Institute of Technology

Anand, India

B.Tech – Computer Engineering — CGPA: 8.98 — CVM University

July 2023 – June 2027

- **Courses:** Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, AI/ML, Cloud Computing

TECHNICAL SKILLS

Programming Languages: Python, C, C++, SQL

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Databases: MongoDB, Firebase, SQL

AI / ML: Large Language Models (LLMs), GROQ API, LLM Integration

Developer Tools: Git, GitHub, Arduino UNO

Soft Skills: Leadership, Public Speaking, Event Management, Team Collaboration, Time Management

EXPERIENCE

Flaunch

Remote

AI Technology Intern

October 2024 – January 2025

- Designed and deployed conversational AI systems and LLM-powered applications serving real user workflows
- Engineered seamless integrations between machine learning APIs and production-grade application pipelines
- Delivered **CodeTalk** – an AI-driven code analysis and intelligent debugging platform, recognized as a top internship project

IBM

Remote

Full Stack Development Trainee

August 2025

- Architected and shipped responsive full-stack web applications leveraging the MERN stack with RESTful API design
- Designed and presented **LibTrack** – a feature-rich Library Management System as the program capstone

PROJECTS

CodeTalk – AI-Powered Code Analysis & Debugging Platform | Python, GROQ API, LLM

2025

- Developed an intelligent platform that performs real-time code analysis, identifies bugs, and generates context-aware debugging recommendations using large language models

LibTrack – Library Management System | React.js, Node.js, Express.js, MongoDB

2025

- Built a complete library management solution featuring book cataloguing, member registration, and automated issue/return tracking with a responsive UI

Smart Recipe Generator & Meal Planner | GROQ API, MealDB API, Firebase Auth

2025

- Created an AI-assisted meal planning web app enabling personalized recipe discovery, weekly planning, and dynamic ingredient suggestions

MuseMate – AI Museum Chatbot | Python, Flask, Flask-SocketIO

2024

- Implemented a WebSocket-driven chatbot for museum visitors enabling real-time exhibit exploration and ticket booking through an intelligent knowledge base

HONORS & AWARDS

Dev Summit 2026 – 2nd Runner-Up | Won Rs. 10,000 cash prize at a National Level Hackathon, Jagannath University, Jaipur 2026

Flaunch Internship – Top 20 & Level 2 Promotion | Earned Rs. 5,000 stipend for ranking among top performers nationally 2025

Unleash LLM Hackathon – Direct Finalist | Secured direct finals entry through excellence demonstrated during Flaunch internship 2025

IBM GIFT City Recognition | Exclusively selected for IBM office visit at GIFT City, Gandhinagar for outstanding training performance 2025

ITC Diploma in Programming Language | Certified in C, C++, Python, Web Design, SQL & Database Management – Information Technology Centre 2024

VOLUNTEER EXPERIENCE

Chairperson, ISTE Student Branch – MBIT

Anand, India

Spearheaded technical workshops and anchored large-scale college events as branch head

2025 – Present

Design Coordinator, MBIT

Anand, India

Conceptualized and produced posters, banners & digital creatives; led visual identity for student initiatives

2024 – Present

Social Media Coordinator, National Service Scheme (NSS)

Anand, India

Managed NSS social media presence; promoted community outreach drives and volunteer programs online

2024 – 2025

Robotics Project Developer & Demo Volunteer – Gyanotsav 1.0, CVM University

Anand, India

Developed and demonstrated an Arduino UNO robotics project; coordinated with a multidisciplinary team

Dec 2023 – Jan 2024
