EDUCATION

Madhuben and Bhanubhai Patel Institute of Technology

B.Tech – Computer Engineering — CGPA: 8.98 — CVM University

Anand, India

July 2023 – June 2027

- **Courses:** Data Structures & Algorithms, Operating Systems, DBMS, Computer Networks, AI/ML, Cloud Computing

TECHNICAL SKILLS

Programming Languages: Python, C, C++, SQL, JavaScript

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, FastAPI, REST APIs

Databases: MongoDB, Firebase, SQL

AI / ML: Large Language Models (LLMs), GROQ API, LLM Integration

Networking: TCP/IP, DNS, DHCP, LAN Monitoring, Asset Management

Developer Tools: Git, GitHub, Arduino UNO, Windows Administration

Soft Skills: Leadership, Public Speaking, Event Management, Team Collaboration, Time Management, Problem Solving

EXPERIENCE

Hi Lab Solution

Full Stack Intern

Anand, Gujarat

May 2026 – June 2026

- Contributed to **InfraEye**, an enterprise-grade LAN monitoring system, owning the entire frontend and dashboard layer of the platform
- Built the React dashboard from scratch – designed UI components, data visualization panels, and real-time endpoint status displays
- Developed inventory tables, license tracking views, and automated Excel report generation interfaces consumed by network administrators

IBM

Full Stack Development Trainee

Remote

August 2025 – September 2025

- Architected and shipped responsive full-stack web applications leveraging the MERN stack with RESTful API design
- Designed and presented **LibTrack** – a feature-rich Library Management System as the program capstone

Flaunch

AI Technology Intern

Remote

October 2024 – January 2025

- Designed and deployed conversational AI systems and LLM-powered applications serving real user workflows
- Delivered **CodeTalk** – an AI-driven code analysis and intelligent debugging platform, recognized as a top internship project
- Engineered seamless integrations between machine learning APIs and production-grade application pipelines

PROJECTS

InfraEye – Enterprise LAN Monitoring System | React.js, FastAPI, MongoDB, Python

2026

- Designed and built the complete frontend for an enterprise LAN monitoring platform – dashboards, inventory views, and admin panels
- Implemented real-time device status displays, hardware/software inventory tables, and license tracking UI
- Created automated Excel report generation interface and remote management controls for network administrators

CodeTalk – AI-Powered Code Analysis & Debugging Platform | React.js, Vite, GROQ API, Firebase

2025

- Intelligent platform performing real-time code analysis, bug detection, and context-aware debugging recommendations using LLMs

LibTrack – Library Management System | React.js, Node.js, Express.js, MongoDB

2025

- Complete library management solution with book cataloguing, member registration, and automated issue/return tracking

MuseMate – AI Museum Chatbot | Python, Flask, Flask-SocketIO

2024

- WebSocket-driven chatbot for museum visitors enabling real-time exhibit exploration and ticket booking via intelligent knowledge base

HONORS & AWARDS

2nd Runner-Up & Rs. 10,000 Cash Prize – Dev Summit 2026 National Level Hackathon, Jagannath University, Jaipur

2026

Top 20 Team & Level 2 Promotion – Flaunch Internship; awarded Rs. 5,000 stipend for outstanding performance

2025

Direct Finalist – Unleash LLM Hackathon; earned direct finals entry via Flaunch internship excellence

2025

IBM GIFT City Recognition – Exclusively selected for IBM office visit at GIFT City, Gandhinagar for top training performance

2025

ITC Diploma in Programming – Certified in C, C++, Python, Web Design, SQL & Database Management

2024

VOLUNTEER EXPERIENCE

Chairperson, ISTE Student Branch – MBIT <i>Spearheaded technical workshops and anchored large-scale college events as branch head</i>	Anand, India 2025 – Present
Design Coordinator, MBIT <i>Conceptualized and produced posters, banners & digital creatives; led visual identity for student initiatives</i>	Anand, India 2024 – Present
Social Media Coordinator, National Service Scheme (NSS) <i>Managed NSS social media presence; promoted community outreach drives and volunteer programs online</i>	Anand, India 2024 – 2025
Robotics Project Developer & Demo Volunteer – Gyanotsav 1.0, CVM University <i>Developed and demonstrated an Arduino UNO robotics project; coordinated with a multidisciplinary team</i>	Anand, India Dec 2023 – Jan 2024
